

# St Cuthbert's Primary School

## Class Newsletter

Primary 7

Term 2 - 2024

### IDL

Primary 7's interdisciplinary topic this term will be 'A Place for Plastics'

We will discuss the impact of single use plastics on the environment.

We will learn about different ways that we can help our environment.

### Literacy

P7 will continue to work on the Nelson Spelling and Phonics schemes to improve their spelling skills. In writing, we will be entering the BBC 500 words story competition. The class will have to create a storyline which includes a character, conflict and a resolution.

### Numeracy

This term P7 will be learning how to multiply a 2 - digit number by a 2-digit number. We will be learning data handling skills through our IDL topic work.

### Digital Technology

Primary 7 will be learning how to code using Micro: bits. We will also be learning how to use email and develop our typing skills.

### Health & Wellbeing

Primary 7 will be taking part in our Building Resilience programme. We will be learning about relationships and how they are important for our health and wellbeing.

### Expressive Arts

Primary 7 will be working with Miss Graham on a Thursday they will be learning how to play musical instruments for our Christmas Show.

### Home Learning

Reading - <https://www.oxfordowl.co.uk/>

Maths - <https://www.mathplayground.com/>

Children can access their Myon, Readworks, Magma Maths and Sumdog.

### Other Information

Primary 7's P.E. days will be a Tuesday and a Wednesday. Please make sure children are wearing a suitable gym kit on these days. The Celtic foundation will be in for 6 weeks on a Monday to work with P7. Additionally, primary 7 will continue to work with their Buddies each week to develop their leadership roles.
